 Steve Bourne 2005 -

PENNY SERIES MINIATURE LED LIGHTS

SPECIALLY DESIGNED FOR ILLUMINATING CAVES

Weidmuller's "Penny Series" LED lights provide close proximity illumination of cave decorations and features. The "Penny Dome" incorporates a 180 degree diffuser to give soft diffused light, ideal for back lighting shawls and crystal. The Penny Trumpet provides an intense spot with diffuse outer edges and is used as close proximity feature lighting.

- Light output up to 150 lumens
- Only 40mm diameter
- External drivers used for 24VDC operation
- Ultra compact and unobtrusive

FOR MORE INFO CALL 1800 73 9988 FAX 1300 73 9900
